

# STUDY IN MILDURA

## Mildura offers a welcoming and authentic Australian environment for you to live, learn and work in.

Mildura is one of Australia's fastest growing inland regional centres located 550km north-west of Melbourne, on the edge of Australia's famous outback desert. The region enjoys a pleasant climate with hot summers and mild winters, great natural beauty and a rich local history.

The local economy is driven by a variety of industries, from agriculture to engineering, tourism and solar farms, providing many employment opportunities. With residents from many different countries, Mildura has excellent educational, sporting and community facilities to use and enjoy.

## Benefits of studying at Sunraysia Institute of TAFE:

- Many part-time jobs in restaurants, on farms and in retail stores.
- Lower cost of living than large cities.
- Wide open spaces and an outdoor lifestyle.
- No traffic jams and a peaceful environment.
- Small classes with practical experience.

"Mildura has so many opportunities that I didn't expect. Getting a job here is really easy when you have the credentials for it. So many people I have met are really friendly, like my work colleagues and my classmates, and the people that we live at the accommodation with, and the teachers. Everyone just wants to say hi to you that is so welcoming when you are from a different country."

Hannah Njogu, Kenya
