

STUDY IN MILDURA

Sunraysia Institute of TAFE is located in Mildura, one of Australia's fastest growing inland regional centres. Mildura is 550km north of Melbourne, on the edge of Australia's famous outback desert. The region enjoys a pleasant Mediterranean climate, great natural beauty and a rich local history.

Mildura offers a welcoming environment for you to learn and work in. Mildura is a busy region with a variety of industries, from agriculture to engineering, tourism and solar farms. With about 50,000 residents, it has excellent educational, sporting and community facilities and offers a lower cost of living than larger cities.

Benefits of studying in Mildura in 2022:

- Many part-time jobs in restaurants, on farms and in retail stores.
- Pathway to Victoria Scholarships valued at \$2,500.
- Lower cost of living than large cities.
- Wide open spaces, no traffic jams and an outdoor lifestyle.

"I like living in Mildura, as the area is very quiet and peaceful. The sky is very blue and there are many sunny days. Previously I lived in Sydney which was very noisy. Living here is more relaxed compared with living in a busy city like Sydney and Seoul which is what I like most."
