This qualification is suitable for people who coordinate and maintain the Work Health and Safety (WHS) program in an organisation. It reflects the role of practitioners who apply a substantial knowledge base and well-developed skills in a wide variety of WHS contexts.

Entry requirements
All core units in BSB41415 Certificate IV in Work Health and Safety or equivalent competencies.

Each student will undertake a Pre Training Review before enrolling to help confirm the proposed course is suitable. It will provide valuable information about an individual's existing skills and knowledge, language, literacy and numeracy skills and whether the course will help in achieving earning and/or employment goals.

Job outcome
This qualification advances the skills of a Work Health and Safety Practitioner across a broad range of sectors, including business and retail administration, advertising and marketing, community services, education administration and financial services.

Further study
BSB60615 Advanced Diploma of Work Health and Safety.
