The Certificate III in Agriculture gives you the training you need to work in an agricultural setting. With a focus on cropping and food production, you will learn technical skills and theory in addition to workplace, OHS and communication skills.

Entry requirements
Each student will undertake a Pre Training Review before enrolling to help confirm the proposed course is suitable. It will provide valuable information about an individual’s existing skills and knowledge, language, literacy and numeracy skills and whether the course will help in achieving learning and/or employment goals.

Job outcome
This qualification could lead to ongoing employment as a farm or station hand.
