International Student Completion within Expected Duration of Student Policy

1 Purpose

This policy outlines how the Institute adheres to Standard 9 of the National Code 2007 regarding International student’s course completion within the expected duration as registered on a Student’s Confirmation of Enrolment and does not exceed the allowable portion of online or distance learning. The Institute is able to extend the expected duration in limited circumstances.

2 Scope

This policy applies to all international students enrolled with Sunraysia Institute of TAFE, enrolment staff and relevant Education Business Unit staff responsible for program delivery.

3 Policy

3.1 Sunraysia Institute of TAFE will monitor the workload and progress of international students, to ensure they complete the course within the expected duration, as registered on CRICOS and as specified on their eCoE. Relevant Institute staff and teachers will monitor international students’ workload in accordance with the Institute’s International Student Course Progress Procedure and Intervention Strategy.

3.1.1 International students will be eligible to undertake distance or online components only where the number of units does not exceed more than 25% of the total course load and students enrol in at least one unit on campus in any given study period (term).

3.2 Sunraysia Institute of TAFE will only extend the duration of the student’s study where it is evident that the student will not complete the course within the expected duration, as specified on the student’s eCoE, as the result of;

- Compassionate or compelling circumstances
- An intervention plan implemented for a student at risk of not meeting satisfactory course progress
- An approved deferment or suspension of study having been granted in accordance with the International Student Deferral, Suspension or Cancellation of Enrolment Policy and Procedure.

3.3 Except in the circumstances outlined in 3.2, the expected duration of study specified in the student’s CoE must not exceed the CRICOS registered course duration.

3.4 The ISU Academic Support Officer and Education Business Managers will use their professional judgement to assess each case on its individual merits with respect to compassionate and compelling circumstances. Documentary evidence must be provided to support these claims and copies of these documents must be uploaded to the student’s file on SMS.
